**This list is drawn largely from the website created for the 1971 documentary *Abortion and Women's Rights 1970* (see <https://www.abortionandwomensrights1970.com/>). HR70 classmate Mary Summers produced this film in 1971 along with Catha Maslow, Jane Pincus, and Karen Weinstein. The film tells the illegal abortion stories of two women, one middle class and one working class, in pre-Roe v Wade Massachusetts.
